[ADAPTATION FRONTIERS CONFERENCE - 10th-12th March 2014, Lisbon - CALL FOR ABSTRACTS](#)

The CIRCLE-2 network invites you to submit an abstract to its final conference "Adaptation Frontiers: Conference on European Climate Change Adaptation Research and Practice" on the 10th-12th March 2014 in Lisbon. The conference aims to share the results of 10 years of European cooperation in climate change impacts, vulnerability and adaptation research, and to pave the way for the development of new research in support of climate change adaptation in Europe in the next decade.

[Too much, Too Little: The Role of Water in Adaptation to Climate Change - Outcomes now available for download](#)

From 7th to the 9th of October, CIRCLE-2 support the organization together with the Governments of Iceland, Liechtenstein, Norway and Portugal of a conference that addressed the role of water in adaptation to climate change. Now, all the outcomes are available for download.

[\[CIRCLE-2\] MOUNTain Policy Brief now available](#)

This policy brief is directed towards research funders/-managers, decision-makers and practitioners in the field of climate change impacts, vulnerability and adaptation (CCIVA) as well as policy-makers concerned. It notes various challenges in addressing CCIVA in research and policy for MOUNTain areas and provides recommendations.

[\[CIRCLE-2\] Revegetation to restore the hydrological cycle - Policy Brief released](#)

The participants from the [CIRCLE-2] Workshop on "Adaptation to Climate Change: revegetation to recover hydrological cycles as an Ecosystem Service." on 10 to 12 of September, 2013 – Teruel (Spain) decided to jointly write a Policy Brief with the main messages and recommendations. Now this policy brief is available for download.

[1st JPI Climate Newsletter Released](#)

JPI Climate is a collaboration between 13 European countries to coordinate jointly their climate research and fund new transnational research initiatives. JPI Climate connects scientific disciplines, enables cross-border research and increases the science-practice interaction.
