### [UK Climate Change Risk Assessment 2012 - New publication](#)

The CIRCLE-2 partner DEFRA has just published the UK Climate Change Risk Assessment (CCRA) on 25 January 2012, the first assessment of its kind for the UK and the first in a 5 year cycle.

### [Israel Climate Change Adaptation Report - launched](#)

The Ministry of Environmental Protection is advancing a national action plan on adaptation to climate change. In order to help formulate policy and recommendations on the necessary measures to minimize vulnerability to climate change in different sectors, the ministry financed the establishment of an Israel Climate Change Knowledge Center on adaptation to climate change in Haifa University in March 2011.
