## CALL FOR ABSTRACTS

The World Delta Conference is going to be held in conjunction with the 1st World Delta Summit on November 21 to November 24 in 2011 in Jakarta, Indonesia. Participants are most welcome to submit their original abstracts related to Delta Scientific Advancement and Breakthroughs, World Deltas and Estuaries, and Delta Technology, Management and Related Workshops.

## General Policy

All abstracts must be submitted and be received on or before **JUNE 30, 2011** through On-line Abstract Submission System.

All scientific abstracts will be reviewed by the Scientific Program Committee of the World Delta Conference, and reviewing results will be announced by emailing a notice of acceptance/rejection to corresponding authors by **AUGUST 31, 2011**. Instruction for oral/poster presentation will be sent to presenting authors of the accepted abstracts.

Abstracts must be original and have not been published or presented at any conferences prior to the World Delta Conference. The accepted abstracts will be published in the Abstract Book.

To ensure themselves a place in the programme authors are required to register and pay before the deadline for pre-registration. Information on registration can be found at [www.deltasummit.org](http://www.deltasummit.org).

## CALL FOR ABSTRACTS

## Abstract and Proposal Categories

The World Delta Conference is going to be held in conjunction with the 1st World Delta Summit on November 21 to November 24 in 2011 in Jakarta, Indonesia. Participants are most welcome to submit their original abstracts related to Delta Scientific Advancement and Breakthroughs, World Deltas and Estuaries, and Delta Technology, Management and Related Workshops.

## Delta Scientific Themes

Deltas are complex physical, chemical, biological and social systems. Abstracts can contribute to the following themes:

1. regional climate, sea level rise and ocean related hazards, river run-off and coastal flooding
2. fresh water availability under sea level rise and climate change
3. climate change and extremes and estuarine ecosystems
4. climate proofing urban areas
5. competing claims and land use in deltas
6. governance and economics of climate adaptation
7. decision support instruments for climate adaptation policy
8. climate and health in delta areas.

## World Delta and Estuarine Themes

World deltas suffer from similar problems, a.o. pressure on space, flood vulnerability, freshwater scarcity, aging infrastructures, coastal abrasion, and loss of biodiversity. Contributions from world deltas and estuarines are grouped according to their regions as follows: European deltas, African deltas, Mediterranean deltas, North American deltas, South American Deltas, Southeast and South Asian deltas, Northeast and West Pacific deltas. Special sessions will be devoted to Indonesian deltas.

## CALL FOR ABSTRACTS

## Abstract and Proposal Categories

The World Delta Conference is going to be held in conjunction with the 1st World Delta Summit on November 21 to November 24 in 2011 in Jakarta, Indonesia. Participants are most welcome to submit their original abstracts related to Delta Scientific Advancement and Breakthroughs, World Deltas and Estuaries, and Delta Technology, Management and Related Workshops.

## Delta Technology, Management and Related Workshops

Current advancement in delta technology and management and their related technical supports are flourishing in an unprecedented rate. Relevant and state-of-the-art techniques need to be spread out and they need feedbacks from the practitioners as well as the decision makers. Subtle delta issues and the degree of their vulnerability require a specific way of public and targeted audience communication. Workshop proposals are invited to cover the following themes: 1. science marketing and journalism 2. geospatial technology application on delta management 3. delta and lowland risks assessment and management 4. coastal lowland and small islands conservation 5. water management in delta region 6. dedicated and tailor made master classes 7. stakeholders conflict management 8. delta and lowland sustainable aquaculture.

## CALL FOR ABSTRACTS

## On-line Abstract and Proposal Submission

1. Write and save your abstract in Microsoft Word format according to the instructions.
2. Fill in the abstract submission form and upload your abstract at our on-line abstract submission system and submit it to [abstract@deltasummit.org](mailto:abstract@deltasummit.org) before June 30, 2011. You will be given detailed instructions on how to proceed.
3. Fill in the workshop proposal submission form and upload your proposal at our on-line proposal submission system and submit it to [workshop@deltasummit.org](mailto:workshop@deltasummit.org) before May 31, 2011. You will be given detailed instructions on how to proceed.

## Further Information

please refer to our website: [www.deltasummit.org](http://www.deltasummit.org) or send your inquiry to [info@deltasummit.org](mailto:info@deltasummit.org).
