

Workshop on Uncertainty and Climate Change Adaptation

Meeting location: University of Lisbon – Faculty of Sciences

The meeting will take place at the **University of Lisbon – Faculty of Sciences**

Address: Campo Grande,
Building C3, Room 3.1.05
1749-016 Lisboa

The meeting room is located in Building C3, Floor 1, Room 05 (3.1.05). There are several ways to reach it but the easiest way is to use yellow sign that says “Faculdade de Ciências” as a reference (Figure 1).

Figure 1 – Meeting point.

Once you are in front of the sign you should circulate the building to the left and use the service stairs that you will find in front of you. Once up the stairs you should turn left and walk into the building (Figure 2). When you walk inside the building you should go straight ahead until you find a balcony and then use the stairs (located both to your right and your left) and go down one flight towards the meeting venue room. Figure 3 gives an overall picture. In any case several signs will be posted around the Faculty of Sciences with directions to the meeting venue.
