**Adaptation Platforms in Europe:
Addressing challenges and
sharing lessons**

Date: 7-8 November 2013

Venue: Vienna, Austria

SPANISH and EUROPEAN ALIGNMENT FOR ADAPTATION ACTION

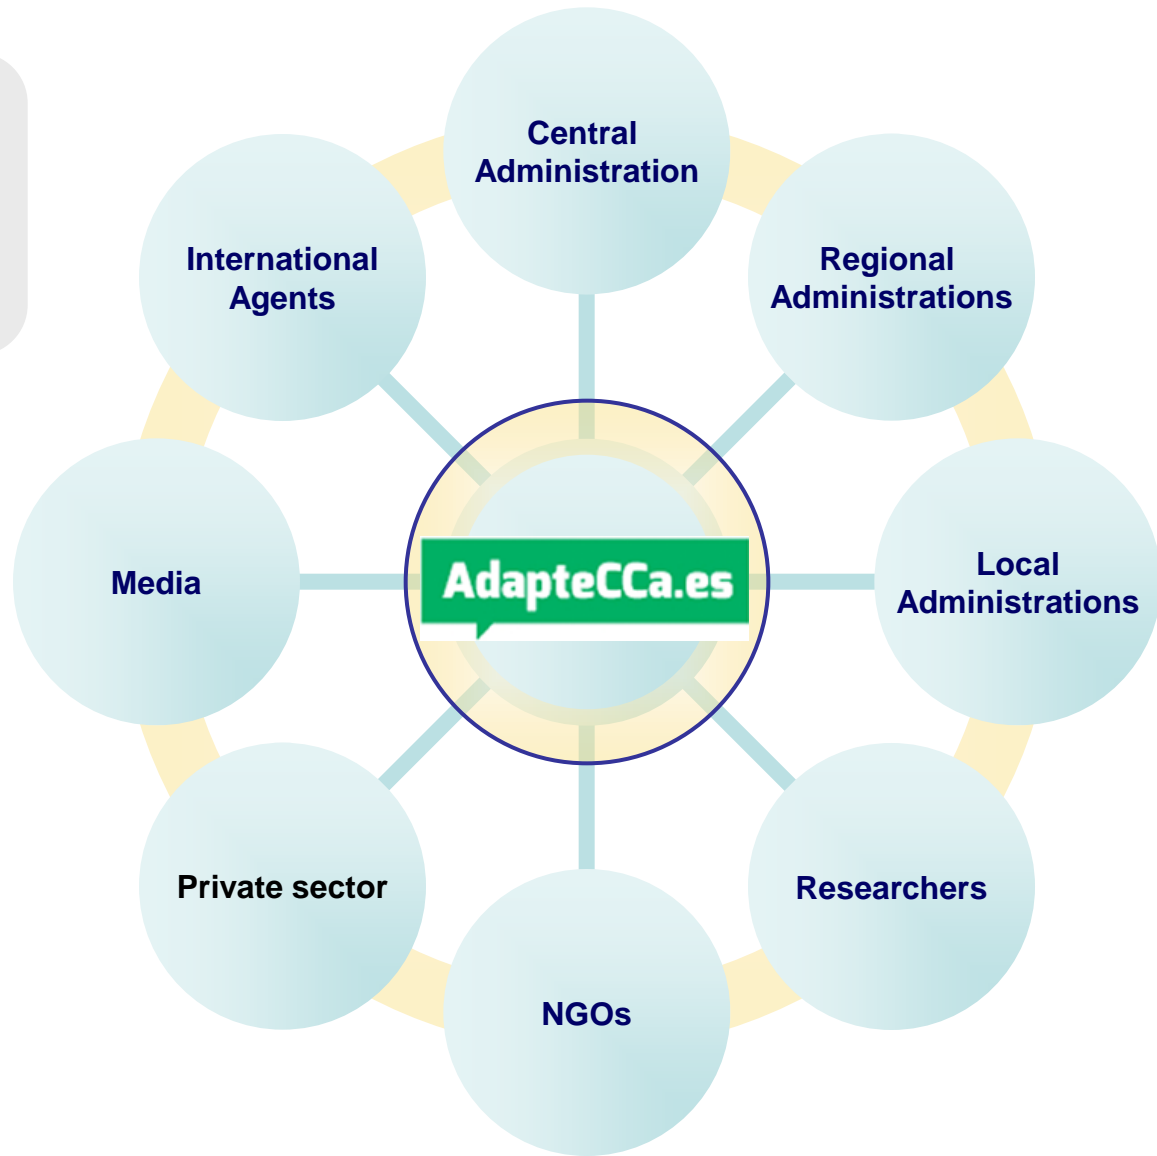

Objectives of **Adaptecca**

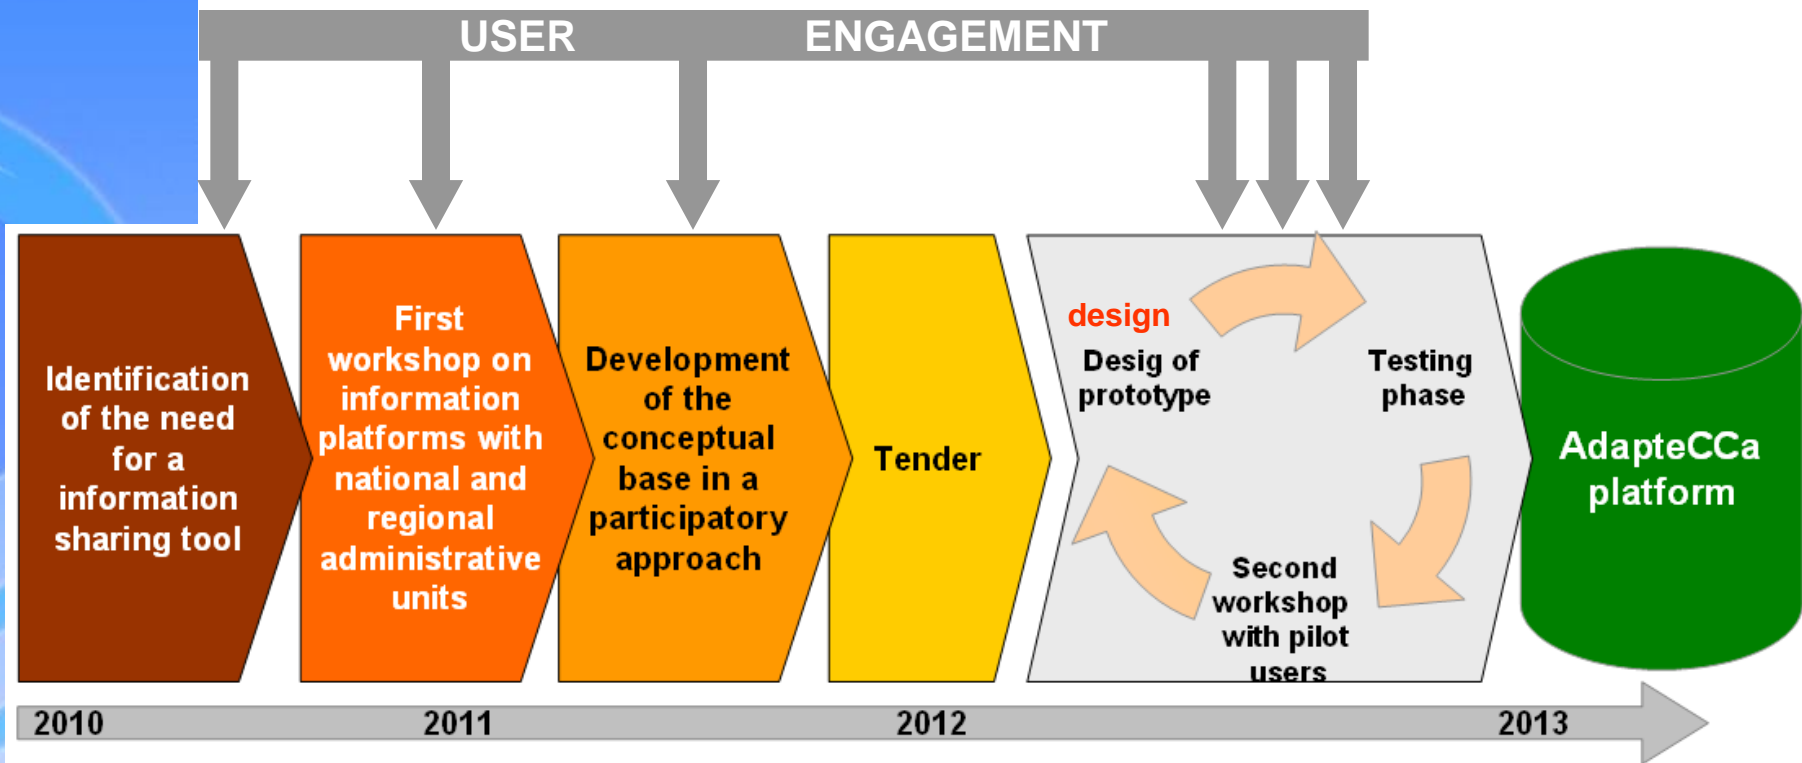

- ▶ **AdapteCCa** ultimate objective > to reinforce the governance of National Adaptation Plan to Climate Change (PNACC), providing a tool to exchange information and to enhance coordination among administrations and key stakeholders. It's being developed under a wide participatory process
- ▶ Conceptual basis of the platform: simple, direct, fast, efficient and highly self-managed.
- ▶ Heart of the platform: Information repository > System that allows to upload, post, store, search and retrieve information on adaptation to climate change
- ▶ Additionally > Permanent private space and ad-hoc Working Groups.

THE SPANISH ADAPTATION PLATFORM AdapteCCa

- (i) Exchange of Information (radial flow)
- (ii) Stakeholder Communication (circular flow)

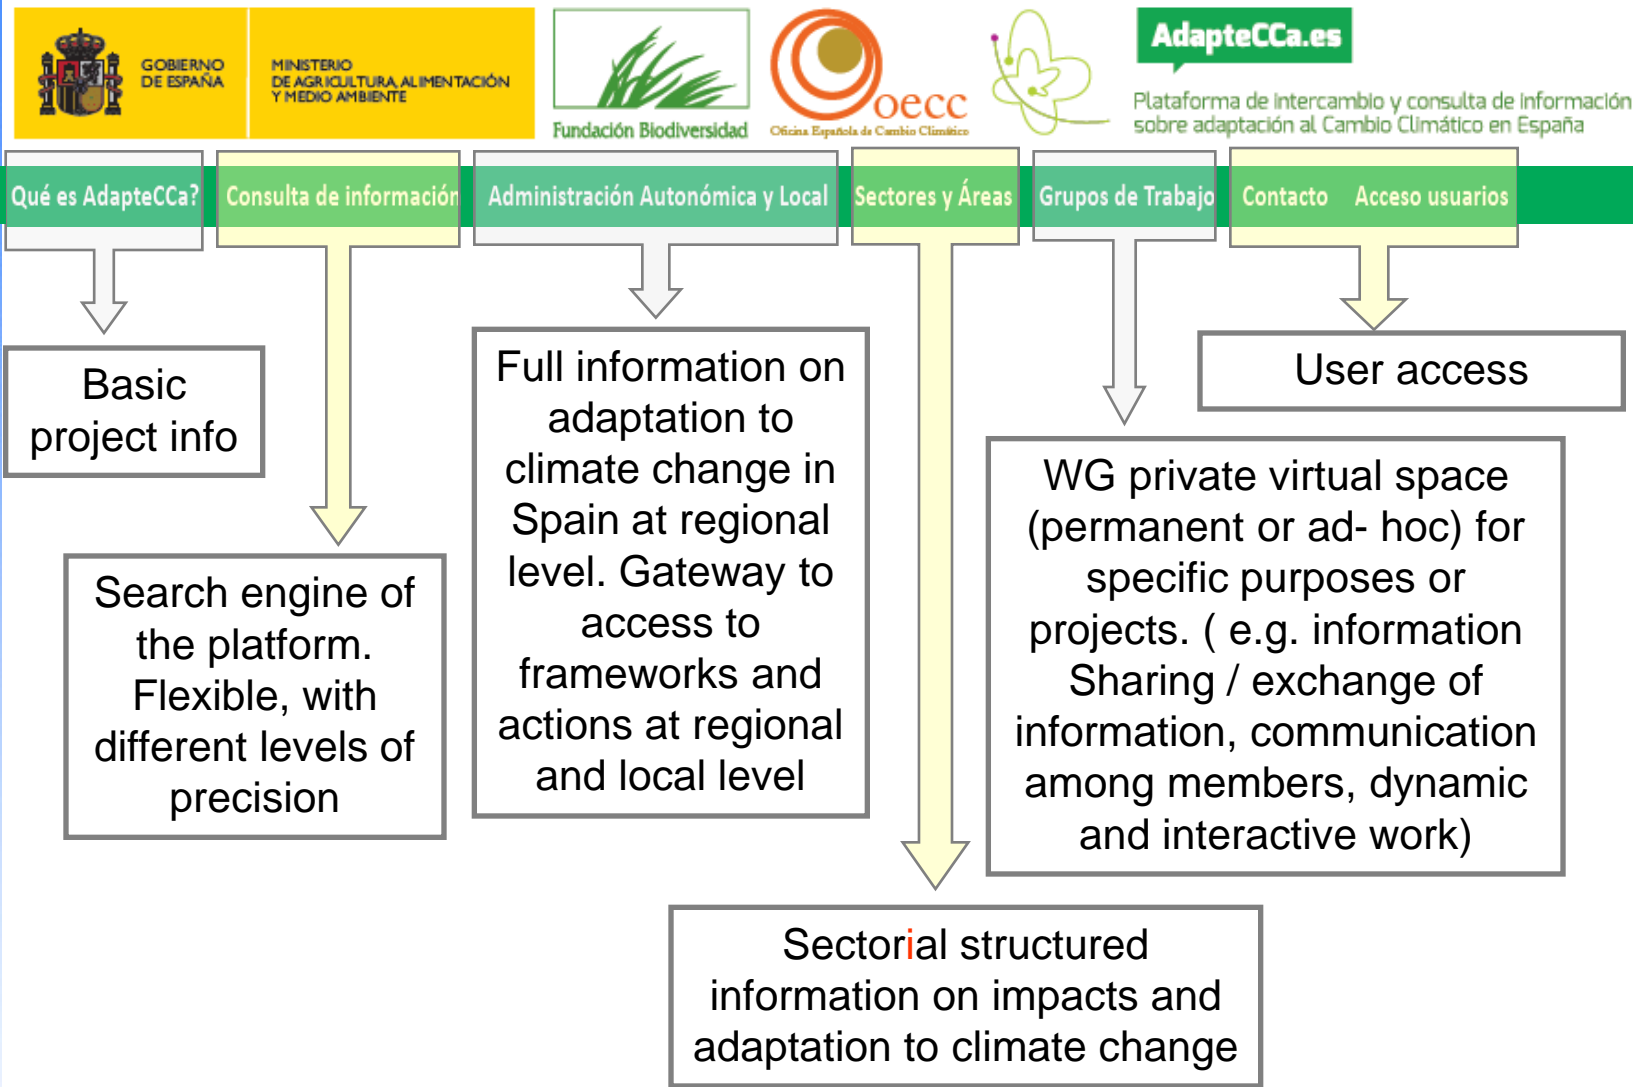

Chronology of **Adaptecca** development

- ➡ Need identified by Working Group on Impacts and Adaptation (bottom-up) and mandate by Coordination Commission for Policies on Climate Change (top-down)
- ➡ Full alignment of **AdapteCCa** with the objectives and structure of the National Adaptation Framework (coherence among the elements of the adaptation cycle)
- ➡ Wide previous work with potential users and stakeholders to design the structure, contents and functionalities of the platform

Main elements of **Adaptecca**

- Users own menu to manage their contents
- Other auxiliary elements: News, Events, Glossary, User Handbook , Links, Messages

Governance

➡ Nodes:

Central Node (OECC) – main administrator
Territorial Nodes (17 CCAA)

➡ Users (Public / Register / Authorized)

➡ Central node to review and validate proposals and to set up and manage private spaces for Working Groups

➡ Territorial nodes to provide comprehensive info on their regional adaptation frameworks. AdapteCCa as the front entry-door to complete regional info

RELATIONSHIPS WITH OTHER PLATFORMS

In the framework of the National Adaptation Plan, coordination with the services and platforms that have an horizontal or sectorial role

AdapteCCa and other platforms

🕒 **Between scales:**

EU level (Climate-ADAPT)

Regional (subnational)
level

🕒 **Between sectors**

Observatory of Health
and Climate Change

Biodiversia

Hispagua

🕒 **Between areas**

Climate services of

AEMET

CHALLENGES FOR COMING YEARS

FUTURE CHALLENGES

Further mainstreaming AdapteCCa into the national adaptation policies and measures

User Engagements

- ⊙ Permanent effort in dissemination of AdapteCCa at all levels
- ⊙ Continue to provide a central role to users
- ⊙ Promote the approach of communities of practitioners
- ⊙ Periodic updated AdapteCCa information to users
- ⊙ Proactive identification of specific user needs
- ⊙ Improve facilities for ad hoc Working Groups

Case studies

- ⊙ Define typology according to wide criteria
- ⊙ Define components and elements to set up case studies
- ⊙ Analyze ways to active transfer lessons from case studies to adaptation practitioners

FUTURE CHALLENGES

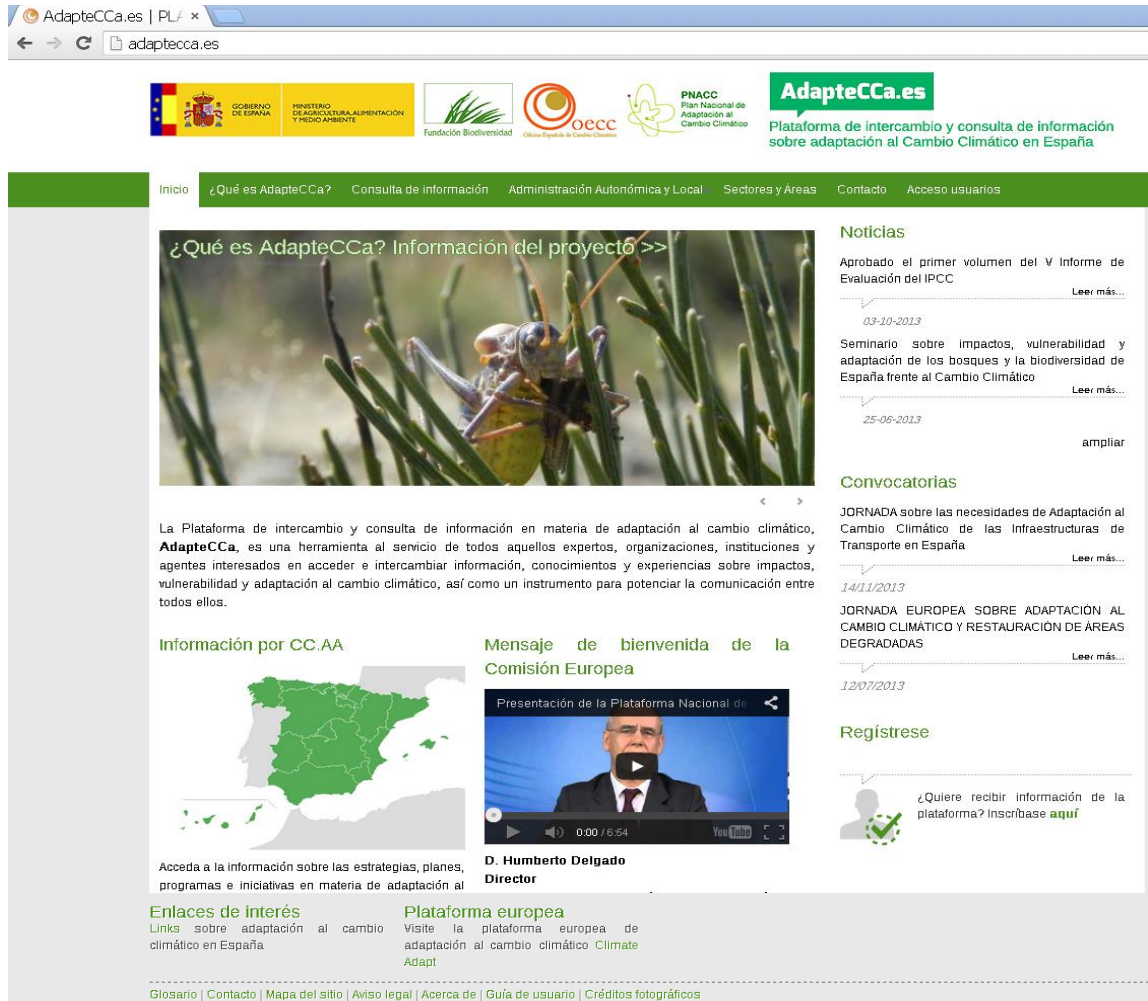

Practical issues

- ⊙ Quality control of the contents
- ⊙ Periodic assessment of contents and flow of visitors
- ⊙ Tools for user management
- ⊙ Translation of basic contents of AdapteCCa into English

Relationship with other platforms

- ⊙ Enhance participation among national and regional platforms
- ⊙ Reinforce coordination with *Climate-ADAPT*, specially regarding bidirectional flux of information
- ⊙ Learn from other EU national platforms

AdapteCCa.es

The screenshot shows the AdapteCCa.es website with the following elements:

- Navigation Bar:** Inicio, ¿Qué es AdapteCCa?, Consulta de información, Administración Autonómica y Local, Sectores y Areas, Contacto, Acceso usuarios.
- Header:** Logos for the Spanish Government, Ministry of Agriculture, Environment and Rural Affairs, Fundación Biodiversidad, OECC (Oficina Española de Cambio Climático), and PNACC (Plan Nacional de Adaptación al Cambio Climático).
- Main Content:**
 - ¿Qué es AdapteCCa? Información del proyecto >>** A large image of a grasshopper on a green plant.
 - Noticias:**
 - Aprobado el primer volumen del V Informe de Evaluación del IPCC (03-10-2013)
 - Seminario sobre impactos, vulnerabilidad y adaptación de los bosques y la biodiversidad de España frente al Cambio Climático (25-06-2013)
 - Convocatorias:**
 - JORNADA sobre las necesidades de Adaptación al Cambio Climático de las Infraestructuras de Transporte en España (14/11/2013)
 - JORNADA EUROPEA SOBRE ADAPTACIÓN AL CAMBIO CLIMÁTICO Y RESTAURACION DE ÁREAS DEGRADADAS (12/07/2013)
 - Regístrese:** ¿Quiere recibir información de la plataforma? Inscríbase **aquí**
 - Information by CC.AA:** A map of Spain with green regions.
 - Mensaje de bienvenida de la Comisión Europea:** A video player showing D. Humberto Delgado, Director, presenting the National Platform.
 - Enlaces de interés:**
